PROFILE

Skilled in translating business needs into user-centric products, I combine technical expertise with a passion for collaboration to drive success and create meaningful digital experiences.

- Fluent (spoken and written): French, English
- Level A2 : Spanish

PROFESSIONAL EXPERIENCE

C# Developer

Genetec

📅 Jan 2023 – Aug 2024   📍 Montréal, Canada

- Enhancing meeting efficiency by implementing structured agendas and time management techniques
- Facilitating the transition from a Kanban to Shape Up development process, streamlining workflows and increasing productivity
- Organizing and leading team-building events to foster collaboration and improve team dynamics
- Developing microservices using C# and ASP.NET
- Managing NoSQL databases such as MongoDB and ElasticSearch
- Designing user interfaces with ReactJS, TypeScript, and MaterialUI
- Implementing asynchronous communication with an event-driven system

Java Backend Developer

Revelate (Formerly known as TickSmith)

📅 Mar 2022 – Nov 2022   📍 Montréal, Canada

- Contributed to the development of a generic data transformation solution (ETL)
- Facilitated email customization through an API as part of a custom notification service powered by Spring Boot
- Developed and executed unit tests to ensure the proper functioning of all features

Full Stack Developer & Project Manager

Recursyve Solutions

📅 Sep 2021 – Feb 2022   📍 Lavaltrie, Canada

Project Control and Management

- Led client meetings to define and refine application requirements
- Translated customer needs into Stories and sub-tasks within the Backlog
- Automated workflows in Jira to streamline processes across teams
- Optimized development processes through creation and improvement initiatives
- Monitored project progression and applied corrective measures as needed

Full Stack Developer

- Developed front-end using Flutter (mobile/web) and Angular (web)
- Built back-end solutions with NodeJS and managed MySQL databases

STRENGTHS

- 🏆 **Relentless Drive and Determination** : Driven by a deep passion, I pursue my goals relentlessly, overcoming any challenge that stands in my way.
- 💡 **Innovative Problem-Solving and Creativity** : Bringing originality and fresh perspectives, I excel at generating creative solutions to complex challenges.
- 👥 **Effective Team Collaboration and Support** : Skilled in fostering teamwork, I contribute to improving collaboration and achieving set goals.
